Education

KCC Institute of Technology and Management Greater Noida, UP
Bachelor of Technology in Artificial Intelligence & Machine Learning *2022 – 2026*

- CGPA: 7.67 (up to 6th Semester)
- Currently in 4th Year, 7th Semester

Experience

Artificial Intelligence Intern Jun 2025 – Jul 2025
Tripple One Solutions (a division of Course Yard Solutions Pvt Ltd) *Remote*

- Contributed to AI-based tasks and projects, demonstrating exceptional problem-solving and technical skills.
- Made impactful contributions to various AI modules, earning outstanding performance remarks.
- Collaborated with cross-functional teams to implement and optimize AI solutions.

Projects

Campus Path AI | Node.js, Express.js, MongoDB, Gemini AI, GitHub API | github.com/saijalchauhan12345-creator/Campus-Path-AI 2025 – 2026

- Developed an AI-powered career platform that generates personalized learning roadmaps based on user skill level (beginner/intermediate).
- Built and integrated the Roadmap and Jobs modules, enabling users to discover tailored study resources and job listings.
- Implemented GitHub API integration to enhance developer profile analysis and career recommendations.
- Collaborated with a team of 4 to deliver a full-stack web application with RESTful backend architecture.

AI Debate Arena | React, Node.js, Express.js, MongoDB, Gemini AI, JWT | github.com/saijalchauhan12345-creator/ai-debate- 2025 – 2026

- Built a solo full-stack AI-powered platform where users debate topics against an AI opponent with real-time generated responses.
- Implemented secure JWT-based authentication and user session management.
- Designed a responsive React front end and a Node.js/Express/MongoDB backend from the ground up.

Exploratory Data Analysis on COVID-19 Data | Python, Pandas, Matplotlib, Seaborn, NumPy | github.com/saijalchauhan12345-creator/COVID-19 2025

- Performed end-to-end EDA on the John Hopkins COVID-19 dataset to uncover global trends in confirmed cases, deaths, and recoveries.
- Conducted univariate, bivariate, time-series, and geographical analysis; generated heatmaps, scatter plots, and trend visualizations.
- Calculated daily growth rates and identified key pandemic waves across the US, Brazil, and India using time-series differencing.
- Submitted as part of AI Internship at Tripple One Solutions with outstanding performance remarks.

Technical Skills

Programming Languages: C++, Python, JavaScript
Web Technologies: HTML, CSS, React.js, Bootstrap, Node.js, Express.js
Databases: MySQL, MongoDB
ML & Data Science: NumPy, Pandas, Matplotlib, Scikit-Learn
Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook
Core Concepts: Data Structures & Algorithms (C++), Machine Learning, Full Stack Web Development, REST APIs

Certifications & Achievements

Certificate of Excellence – Code Farming 24-Hour Code-A-Thon April 2026
HackerRank | Organized by Voyager Coding Club, KCC Institute

- Demonstrated strong DSA and problem-solving skills in a competitive 24-hour coding marathon.

Certificate of Training – Artificial Intelligence Trainee May – Jun 2025
Tripple One Solutions | In association with Kshitij, IIT Kharagpur

- Completed AI training with outstanding performance, earning extraordinary remarks for impactful work.

HCL GUVI STaR – Scholarship Test and Rewards March 2026
GUVI | HCL

- Successfully completed the HCL GUVI STaR challenge, demonstrating proficiency in technical skills.
