EDUCATION

KCC Institute of Technology and Management Greater Noida, UP
Bachelor of Technology in Artificial Intelligence & Machine Learning 2022 – 2026

- CGPA: 7.67 (up to 6th Semester)
- Currently in 4th Year, 7th Semester
- Final Year Major Project (Ongoing): SafePath-AI — Adaptive Urban Mobility Safety Support System, incorporating crime-data-aware routing, Bayesian networks, Reinforcement Learning, and Explainable AI

EXPERIENCE

Artificial Intelligence Intern Jun 2025 – Jul 2025
Tripple One Solutions (a division of Course Yard Solutions Pvt Ltd) Remote

- Contributed to AI-based tasks and projects, demonstrating exceptional problem-solving and technical skills.
- Made impactful contributions to various AI modules, earning outstanding performance remarks.
- Collaborated with cross-functional teams to implement and optimize AI solutions.

PROJECTS

AI-Powered Customer Complaint Management System | *React, Redux Toolkit, FastAPI, Groq API (Gemma2-9b-it), MySQL* | github.com/saijalchauhan12345-creator/customer- 2026

- Built a full-stack complaint management system with LLM-powered complaint categorization and auto-response generation using Groq's Gemma2-9b-it model.
- Designed a React frontend with Redux Toolkit for state management, connected to a FastAPI backend and MySQL database.
- Delivered the assignment end-to-end under a fixed deadline, covering API design, database schema, and UI integration.

Campus Path AI | *Node.js, Express.js, MongoDB, Gemini AI, GitHub API* | github.com/saijalchauhan12345-creator/Campus-Path-AI 2025 – 2026

- Developed an AI-powered career platform that generates personalized learning roadmaps based on user skill level (beginner/intermediate).
- Built and integrated the Roadmap and Jobs modules, enabling users to discover tailored study resources and job listings.
- Implemented GitHub API integration to enhance developer profile analysis and career recommendations.
- Collaborated with a team of 4 to deliver a full-stack web application with RESTful backend architecture.

AI Debate Arena | *React, Node.js, Express.js, MongoDB, Gemini AI, JWT* | github.com/saijalchauhan12345-creator/ai-debate-arena 2025 – 2026

- Built a solo full-stack AI-powered platform where users debate topics against an AI opponent with real-time generated responses.
- Implemented secure JWT-based authentication and user session management.
- Designed a responsive React front end and a Node.js/Express/MongoDB backend from the ground up.

Exploratory Data Analysis on COVID-19 Data | *Python, Pandas, Matplotlib, Seaborn, NumPy* | github.com/saijalchauhan12345-creator/COVID-19 2025

- Performed end-to-end EDA on the John Hopkins COVID-19 dataset to uncover global trends in confirmed cases, deaths, and recoveries.
- Conducted univariate, bivariate, time-series, and geographical analysis; generated heatmaps, scatter plots, and trend visualizations.
- Calculated daily growth rates and identified key pandemic waves across the US, Brazil, and India using time-series differencing.
- Submitted as part of AI Internship at Tripple One Solutions with outstanding performance remarks.

ADDITIONAL AI/ML PROJECTS

Object Detection with Finger Counting | *Python, OpenCV, MediaPipe*
github.com/saijalchauhan12345-creator/object-detection — Real-time hand-tracking computer vision system that detects and counts fingers using landmark detection.

TECHNICAL SKILLS

Programming Languages: C++, Python, JavaScript
Web Technologies: HTML, CSS, React.js, Redux Toolkit, Bootstrap, Node.js, Express.js, FastAPI
Databases: MySQL, MongoDB
ML & Data Science: NumPy, Pandas, Matplotlib, Scikit-Learn, Bayesian Networks, Reinforcement Learning, Explainable AI (XAI)
AI/LLM APIs: Gemini AI, Groq API
Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook
Core Concepts: Data Structures & Algorithms (C++), Machine Learning, Full Stack Web Development, REST APIs, JWT Authentication

CERTIFICATIONS & ACHIEVEMENTS

Certificate of Excellence – Code Farming 24-Hour Code-A-Thon April 2026
HackerRank | Organized by Voyager Coding Club, KCC Institute

- Demonstrated strong DSA and problem-solving skills in a competitive 24-hour coding marathon.

Certificate of Training – Artificial Intelligence Trainee May – Jun 2025
Tripple One Solutions | In association with Kshitij, IIT Kharagpur

- Completed AI training with outstanding performance, earning extraordinary remarks for impactful work.

HCL GUVI STaR – Scholarship Test and Rewards March 2026
GUVI | HCL

- Successfully completed the HCL GUVI STaR challenge, demonstrating proficiency in technical skills.
